What is a Positive Peace Workshop?

The 2-day workshop will cover strategies and tools that can help Rotarians and Rotaractors like yourselves to build and sustain peace.

You'll be provided with an understanding of the Pillars of Positive Peace and be **empowered to go back to your clubs and communities as agents of change.**

The emphasis of the workshop is real actions, led by the participants. You will be given the opportunity to develop real and practical projects underpinned by IEP's research. The workshop will focus on interactive activities that emphasis peer to peer learning and encourage everyone to engage.

As a result of participating in the workshop, participants will have the information and understanding to activate Positive Peace in their clubs and communities.
